We want to thank you both **Jane Chen** and **Flormy Lopez** for the exceptional work you did in selling our home for us . For us, after living in that house for the last 44 years , even the thought of moving was trumatic untill we met and talked with you **Jane and Flormy** . You were both so positive and had so much to offer that we knew we were in good hands.

Your knowledge and professional abilities just showed through as your team worked preparing the house for selling . We were very impressed as the events unfolded leading up to the selling of the house in the short time it , more quickly than we had antiscipated .

Thank you **Jane** and thank you **Flormy** for being so organized and professional and also thanks to your team for the important work they did in preparing the house for the resulting positive results .

Congratulations to You and your team for all you have done for us and we will be recommending you to our Friends as the Agents to call when thinking about Selling or Buying or delving into Real Estate .

Sincerely ,

W/W Brewster .
